It is extremely important that you travel light because busses and hotel rooms are smaller in Asian countries than in the United States

- Cash and credit card
- Phone with international data plan and charger
- One passport photo if there is a visa on arrival requirement
- Converter
- Prescribed medication
- Light clothes
- Hat
- Comfortable shoes (pair of sneakers, pair of sandals)
- Hand sanitizer (travel size)
- Sunscreen (travel size)
- Small backpack
- Reusable water bottle (ideally the one that keeps the temperature)

We suggest that for trips lasting from 7-10 days you will bring a minimum of \$500-700 in cash for personal spending if you are not planning to shop a lot. Plus, the credit card.
